WORK EXPERIENCE

Director of Advertising & Analytics

AMZ Advisers, 2021 - 2025

Owned the data and analytical systems behind a 7-figure portfolio across 100+ marketplace accounts (US, CA, MX, EU). Designed and built an internal ETL tool in Python that ingested Amazon Ads and Seller Central API data, ran automated account audits, and surfaced prioritized opportunities.

Processed and analyzed large volumes of campaign and sales data with Python and SQL-style queries to identify trends and resolve anomalies.

Founded the advertising department from scratch: recruited and led an 11-person cross-cultural team across multiple time zones.

Advertising & Analytics Strategist

Snowball Partners Agency, 2020

Creation of Advertising Campaigns, Strategies and Processes.

Integrated Paid-Media Performance Data with organic (SEO)

Signals to make Decisions for a Portfolio of mid-market Sellers.

Conducted root-cause Analysis for Campaign Performance Reports.

Customer Acquisition

Upak Fitness S. A., 2016 - 2017

B2C Selling via Social Media, WhatsApp, Phone and Face to Face.

Copywriting. Informal A/B Testing on Messaging — early

Foundation for the analytical and conversion System that shaped later Roles.

SKILLS

- Languages: Python (pandas, NumPy, data manipulation), SQL (joins, CTEs, window functions)
- Tooling: SQLite, Git/GitHub, Jupyter, AI-assisted development (Antigravity, Cursor, Claude)
- Data Engineering: ETL pipeline design, multi-source ingestion, data anonymization, idempotent loads
- Fluent in Spanish, German and English
